## **CU Members Mortgage named preferred product provider by CU Resources, Inc.**

April 1, 2010 Fort Worth, TX – CU Members Mortgage is now a preferred product provider for the Texas Credit Union League's (TCUL) member service organization – Credit Union Resources, Inc. (CURI).

According to TCUL's CEO Dick Enswailer, CU Members Mortgage's sole objective is to see credit unions succeed in the mortgage marketplace.

"They serve only credit unions and provide flexibility for each credit union to choose their level of involvement," Enswailer said. "Training, marketing support and all the tools a credit union needs are made available through CU Members Mortgage - ensuring that the credit union can be successful in mortgage lending."

According to Linda Clampitt, Senior Vice President at CU Members Mortgage, the mortgage provider also is the preferred provider for LSCU (the combined Alabama and Florida credit union leagues), the Louisiana Credit Union League (LCUL), Arkansas Credit Union League, and the Association of Vermont Credit Unions. With the addition of CURI, the total number of credit unions represented through these partnerships is nearly 1,200 – which represents more than 13 million members.

"We are honored to be named a Preferred Product Provider and are excited about this opportunity," Clampitt said. "As members search for a financial institution they can trust, they also need reliable mortgage lending solutions with competitive pricing and superior service. We are helping so many credit unions make that happen and we want others to know they have a way to provide for this need too."

Throughout its 30-year history, CU Members Mortgage has built partnerships with credit unions, leagues, and CUSOs across the country. As a result of these partnerships, CU Members originates approximately \$2.5 billion annually in residential home loans and services more than 113,000 loans.
